THE HOWE SEWING MACHINE.—We have the testimony of a firm in New York, doing a very large business in selling, exchanging, renting and repairing all kinds of sewing machines, and who have no special interest whatever in the sale of any particular machine, that the Howe Sewing Machine is in every respect the best sewing machine in the market, that during their many years in the business career they never had a Howe machine returned to them that their customers had exchanged nearly all other machines for the Howe; that if they were compelled to confine their sales to the machines of but one maker that one would be the Howe. D. J. Thomas will order one for you. Ask him.

HEALTH, the poor man's riches, the rich man's bliss, is found in Ayer's Medicines, after a fruitless search among other remedies. A word to the wise is sufficient.

The Boulder county, Colorado, gold fever has taken hold of a number of the citizens of this place and St. Joseph. We understand that a number from St. Joseph and Mr. M. E. Glazier and G. W. Rose, of this place, will leave in about a week, for that section. We hope they will all be eminently successful.—DeKalb Register.

Miss Susan B. Anthony was formerly editor and proprietor of the *Indicator*, a paper published at Rochester, N. Y. She became involved to the amount of \$20,000.—Instead of seeking to avoid the just payment of her debts or compromising them at 25 cents on the dollar, she went to work with energy and perseverance, and a few weeks since paid the last dollar of her liabilities.

Mrs. Barbara Metzler of Graham, has in her possession a silver sugar bowl which was made in 1536, three hundred and sixty years ago, on the bottom of the bowl the date is found in raised figures. This ancient relic has been kept in the Metzler family since it was first purchased, and is perhaps, the most ancient relic made by human hands in the west. It ought to be exhibited at the Centennial at Philadelphia.—DeKalb Register.

The *Plattsburgh Register*, in its issue of the 7th inst., says: "The *Register*, with a view to promoting the value of our paper currency to a par with gold, is for the Democratic caucus bill."

Considering the fact that this bill has already been defeated by nearly a two-third vote in a Democratic House, the above must be quite refreshing to the readers of the *Register*. If the *Register* expects the Democrats in the present Congress to make a platform on the financial question, it will likely have to wait sometime yet.—Trenton Republican.
